Advance-Nilfisk Parts - Think about how long and tiresome it would really be to tidy up after a party, without help from equipment. Previously, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the top cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Establishing the company in the year 1906, he began to make motors so as to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the start was to own an international company marketing merchandise globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This invention came in a time where various cleaning equipment were very big and required 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the manner we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an ongoing dilemma; things get filthy and need to be cleaned on a regular basis, without a lot of effort.

Gradually, the company Nilfisk-Advance developed all through the years. During the the early part of the 1980's the business grew more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aiming to be an active worldwide player in making professional cleaning equipment. Nilfisk-Advance is presently located in every part of the globe due to gradually acquiring a lot of small companies so as to expand their product portfolio and presence in new markets. They are proud to offer a range of cleaning solutions to meet every need.
